

***Be it enacted by the senate and house of representatives
of the republic of Texas, in congress assembled.***

Bill proposed by the senate sixteenth congress of the republic of Texas on the Fourteenth day in the Tenth month of the year our Lord two thousand and eleven.

After the People's congressional senate and house of representatives for the republic of Texas, in a meeting of congress assembled under rules of necessity the following Act was approved and adopted.

Senate Bill No. 1110-1401
House Bill No. 10-12-02-2011

For the record this Act is re-claiming entirely the International territory and the Power and Utilities grid with its lands lying within its geographical jurisdictional boundaries totally belonging to the republic of Texas Nation. For the record this Act is re-claiming entirely the International territory and the Power and Utilities grid with its lands lying within its geographical jurisdictional boundaries including the, entire air space upwards into space, entire surface and underground waters, entire natural minerals, and entire frequencies shall totally belong to the republic of Texas Nation.

Claiming the individual parts internally have been served on the individual Corporatist Governors of The States of Texas, Colorado, Oklahoma, Kansas, New Mexico, and Wyoming with derivatives in their entirety, which are associated with unlawful corporate-styled counties and municipalities "doing business as" on the lands of the republic of Texas, without congressional charters or authority.

Sec. 1. Beginning at the south bank low water mark of the Arkansas River where the 100° W Meridian connects; thence continuing South to the southerly center of the Red River North Fork thence traveling the center Southeastward to 99° 12' 31.4" West Longitude 34° 19' 59.75" North Latitude thence continuing easterly staying to the southerly center of said Red River to the connection of the 94° 03.3' W Meridian; thence continuing South remaining to the West of said 94° 03.3' W Meridian to the South or West bank of Sabine River; thence continuing southerly remaining West of said low water mark of the Sabine River bank to the mouth of said Sabine River at the Gulf of Mexico; thence extending three leagues (10.5 miles) into the Gulf of Mexico; thence continuing south-westerly and southerly extending three leagues from the outer most islands and Texas coastal land masses at low tide; thence three leagues west-northwesterly to the mouth of the Rio Grande River; thence continuing generally northwesterly remaining to the North and East of the center line of the main channel of said Rio Grande River to the Head waters of said river then due North along the longitude 107° 32' 18" W to the 42nd parallel and thence east, by that parallel of latitude to longitude 106° 20' 38" W, thence travel due south to the head waters of the Arkansas River to its source at latitude 39°15' 30" N, longitude 106° 20' 38" W thence

traveling its south and south eastward low water mark south bank to the beginning at the 100° W Meridian.

All the waters, and the navigation of said three rivers, throughout the extent of the said boundary, on their respective banks, shall be common to the respective inhabitants of both adjoining nations.

Sec. 2: Factual Notice: Below are supporting facts that dispute and rebut all unlawful findings and rulings made by said corporatist United States with regards to the republic of Texas and its organic geographic jurisdictional boundaries.

- . Neither the Corporatist United States or said States have any past or present lawful authority to change any boundary lines cited in the agreed Treaty between the united States of America and the republic of Texas without violating and dishonoring the signed and sealed international organic Treaties of 1819, 1828, and 1838 as mentioned in the facts below.
- **NOTE: There has never been a ratified Treaty of annexation** between the united States of America or the corporatist UNITED STATES and the republic of Texas nation ab initio.

Historical facts:

1. 1844 map (copy enclosed), drawn by an engineer in the United States of America's Army, **accurately depicted all of the Texas republic Nation showing it's adjoining Countries, including many towns and rivers. As recognized by major foreign powers,** this map not only reflected history but helped shape it.
2. In addition the united States of America organic Constitution ARTICLE VI, paragraph 2 quoted below:

“This Constitution, and the laws of the United States which shall be made in pursuance thereof; **and all treaties made, or which shall be made,** under the authority of the United States, **shall be the supreme law of the land,** and **the judges in every state** shall be bound thereby, **anything** in this constitution or **laws of any state** to the contrary notwithstanding.”

Therefore in the years 1819, 1828, and 1838 there were three Treaties officially signed and sealed under International law involving Spain, Mexico, Republic of Texas and the United States of America laying out the geographical jurisdictional boundaries.

In the 1819 treaty between the United States and Spain Art. 3, testimony was given by signature that neither party would ever embark or trespass upon the agreed lands between them.

See Quote below:

Quote; 1819 Treaty Art. 3: “The United States hereby cede to His Catholic Majesty, and **renounce forever, all their rights, claims, and pretensions, to the territories lying west and south of the above-described line.** “.

Therefore the evidence is clear that in the above Article this organic treaty became the supreme law of the land and mandates the United States government stay in honor by holding to its constitutional agreed law “all treaties made, or which shall be made; **shall be the supreme law of the land**”.

Sec.3. The republic of Texas congress does hereby set claim for all the Texian inhabitants on said lands described above with said lands being styled as parts of the republic of Texas, until the declared Texian citizens of said corporatist counties can hold lawful ballot elections for re-forming their individual county from said corporatist counties thereby creating the people’s lawful counties operating under the 1836 constitution as amended in the year of our Lord two thousand and seven and shall be officially chartered by the republic of Texas congress. Upon any county being re-formed lawfully, newly declared Texian’s private property(s) with recorded deeds in corporatist counties should re-record their deeds in the newly created county records of the republic of Texas and the General Land Office Registrar’s records, in order to protect their property(s) from all corporatist taxation.

SEC. 4. Be it further enacted that nothing in this bill shall be construed in any way, that the republic of Texas is acknowledging or condoning the existence of enforcers (as a for-profit corporation) or any of its combined derivatives or subsidiaries.

SEC. 5. Be it further enacted: That said lands being re-claimed from the United States shall open all public buildings on the lands of Texas for all declared Texians located within said boundaries of described lands for conducting the Texian People’s constitutionally declared rights and entire affairs.

SEC. 6. Be it further enacted: Nothing in this Act shall be construed in any way that the republic of Texas is giving or granting any of its constitutionally delegated powers or authorities to the United States of America or United States or any of its derivatives or subsidiaries. Said parts of said United States of America are specifically enjoined from engaging in any action or activity concerning assets that constitutionally belong to the Texian inhabitants of the republic of Texas. Nothing in this Act may be construed to grant plenipotentiary authorities to the enforcing United States its principals, agents, assigns, employees, successors, subsidiaries, or subdivisions; nor do any principals, agents, assigns, employees, or successors have immunity from suit, where the Laws of the republic of Texas or International are breached.

SEC. 7. Be it further enacted: Nothing in this Act shall be construed whereas any corporatist so called officers, agents, assigns, employees, or successors are immune from The republic of Texas common or civil Law or any and all applicable International laws.

SEC. 8. Be it further enacted: That under this Act, it shall continue in full force and effect from and after passage of said Act, irrevocable but for felony, misdemeanor, malfeasance, misfeasance, nonfeasance, breach of law, or breach of trust.

Approved, on this Tenth day of the Twelfth month in the year of our Lord two thousand and eleven.
