

***Be it enacted by the senate and house of representatives
of the republic of Texas, in congress assembled.***

Bill proposed by the senate fifteenth congress of the republic of Texas on the ninth day in the fourth month of the year of our Lord two thousand and eleven.

After the People's congressional Senate and House of Representatives for the republic of Texas, in a meeting of congress assembled under rules of necessity the following Act was approved and adopted.

**senate Bill No. 1102-1201
house Bill No. 12-02-07-2011**

**Reclaiming territory parts of color-of-law Oklahoma belonging to
the republic of Texas**

For claiming parts of Oklahoma Territory, THE STATE OF OKLAHOMA-STATE OF OKLAHOMA-The State of Oklahoma-State of Oklahoma (hereinafter "The State of Oklahoma") with all derivatives in its entirety that are associated with the following unlawful corporate-styled counties and municipalities "doing business as" on the lands of the republic of Texas without congressional authority.

Sec. 1. Therefore, be it enacted: That "The State of Oklahoma" with said corporatist counties may operate at the pleasure of the Texian People only within the following extreme geographical limits, to wit: the following corporate-styled counties and municipalities are so called:

1. Beaver	2. Cimarron	3. Texas
-----------	-------------	----------

Located beginning at the 100° west longitude then west at 36° 30' North Latitude and west at 37° North latitude and where both Latitudes connect with 103° West Longitude,

Also included in said claim are the disputed lands of the organic Fannin County, republic of Texas, with parts now unlawfully created in 1860 as a color-of-law Greer County that since has been unlawfully broken apart and State incorporated as Jackson, Harmon, Greer and parts of Beckham counties. Said lands lying within the republic of Texas geographical boundaries are located starting at the main body of the Red River midstream and connecting with the North Fork midstream at 34° 19' 59.75" North Latitude, 99° 12' 31.4" West Longitude then traveling Northwestward where the North Fork crosses the 100° west longitude.

Factual Notice: Below are supporting facts that dispute and rebut all unlawful findings and rulings made by said corporatist United States with regards to the republic of Texas and its organic geographic jurisdictional boundaries in and around said Fannin county located and described below starting at midstream of the original Red River north fork.

- The State of Texas legislature has been officially chartered by the republic of Texas and is standing in default with dishonor at present. Neither the Corporatist United States or the State of Texas have any past or present lawful authority to change any boundary lines between the agreed Treaty between the united States of America and the republic of Texas without violating and dishonoring the signed and sealed international organic Treaties of 1819, 1828, and 1838 as mentioned in the facts below.
- NOTE: **There has never been a ratified Treaty of annexation** between the united States of America or the corporatist UNITED STATES and the republic of Texas nation **ab initio**.

Historical facts:

1. 1844 map, drawn by an engineer in the United States of America's Army, **accurately depicted** all of the Texas Republic Nation showing it's adjoining Countries including many towns and rivers. As **recognized by major foreign powers**, this map not only reflected history but helped shape it.
2. In addition the united States of America organic Constitution ARTICLE VI, paragraph #2 as quoted below.

“This Constitution, and the laws of the United States which shall be made in pursuance thereof; **and all treaties made, or which shall be made**, under the authority of the United States, **shall be the supreme law of the land**, and **the judges in every state** shall be bound thereby, **anything** in this constitution or **laws of any state** to the contrary notwithstanding.”

Therefore in the years 1819, 1828, and 1838 there were three Treaties officially signed and sealed under International law involving Spain, Mexico, and the republic of Texas between the United States of America laying out the geographical jurisdictional boundaries.

In Art. 3 of the 1819 treaty between the United States and Spain, testimony was given by signature that neither party would ever embark or trespass upon the agreed lands between them. See quote below:

1819 Treaty Art. 3: “The United States hereby cede to His Catholic Majesty, and **renounce forever, all their rights, claims, and pretensions, to the territories lying west and south of the above-described line.** “.

Therefore the evidence is clear that in the above article this organic Treaty became the supreme law of the land and mandates the United States government stay in honor by holding to its constitutional agreed law "all treaties made, or which shall be made; **shall be the supreme law of the land**".

Sec. 2. The republic of Texas congress does hereby set claim for all the Texian inhabitants domiciled on said lands described above with said lands being styled as parts of the republic of Texas, Fannin county until the declared Texian citizens of said county can hold lawful ballot elections for re-forming their individual county from said State of Oklahoma corporatist county thereby creating the people's lawful counties operating under the 1836 constitution as amended in the year of our Lord two thousand and seven and shall be officially chartered by the republic of Texas congress. Upon any county being re-formed lawfully, newly declared Texian's private property(s) with recorded deeds in corporatist counties should re-record their deeds in the newly created county records of the republic of Texas and the General Land Office Register's records in order to protect their property(s) from all corporatist taxes.

SEC. 3. Be it further enacted: That nothing in this claim shall be construed in any way that the republic of Texas is acknowledging or condoning the existence of "The State of Oklahoma" (as a for-profit corporation) or any of its combined derivatives or subsidiaries.

SEC. 4. Be it further enacted: That said lands being re-claimed from the United States and "The State of Oklahoma" shall open all public buildings on the lands of Texas for all declared Texians located within said boundaries of described corporatist counties for conducting the Texian People's constitutionally declared rights and their lawful entire affairs.

SEC. 5. Be it further enacted: Nothing in this Act shall be construed in any way that the republic of Texas is giving or granting any of its constitutionally delegated powers or authorities to the "The State of Oklahoma" or any of its derivatives or said subsidiaries. Said parts of "The State of Oklahoma" are specifically enjoined from engaging in any action or activity concerning assets that constitutionally belong to the Texian inhabitants of the republic of Texas; nothing in this Act may be construed to grant plenipotentiary authorities to "The State of Oklahoma", its principals, agents, assigns, employees, successors, subsidiaries, or subdivisions; nor do any principals, agents, assigns, employees, or successors have immunity from suit where the Laws of Texas are breached.

SEC. 6. Be it further enacted: Nothing in this Act shall be construed whereas any corporatist so called officers, agents, assigns, employees, or successors are immune from The republic of Texas common and civil law.

SEC. 7. Be it further enacted: That under this Act it shall continue in full force and

effect from and after passage of said Act, irrevocable but for felony, misdemeanor, malfeasance, misfeasance, nonfeasance, breach of law, or breach of trust.

Approved, on this ninth day of the the fourth month in the year of our Lord two thousand and eleven.
